Happy Holidays

Maurice Closes on Saturday! Please make note that Maurice will no longer have regular Saturday hours. Our Emergency System (with opening charges) is available for Saturday openings.

Free fall Copper has dropped as fast as my 401k! The price of wire has plummeted and that includes the wire we had in stock for you. If you need wire for your job, please call your Maurice Associate. We need to bite the bullet and sell all the high priced wire we have to make room.

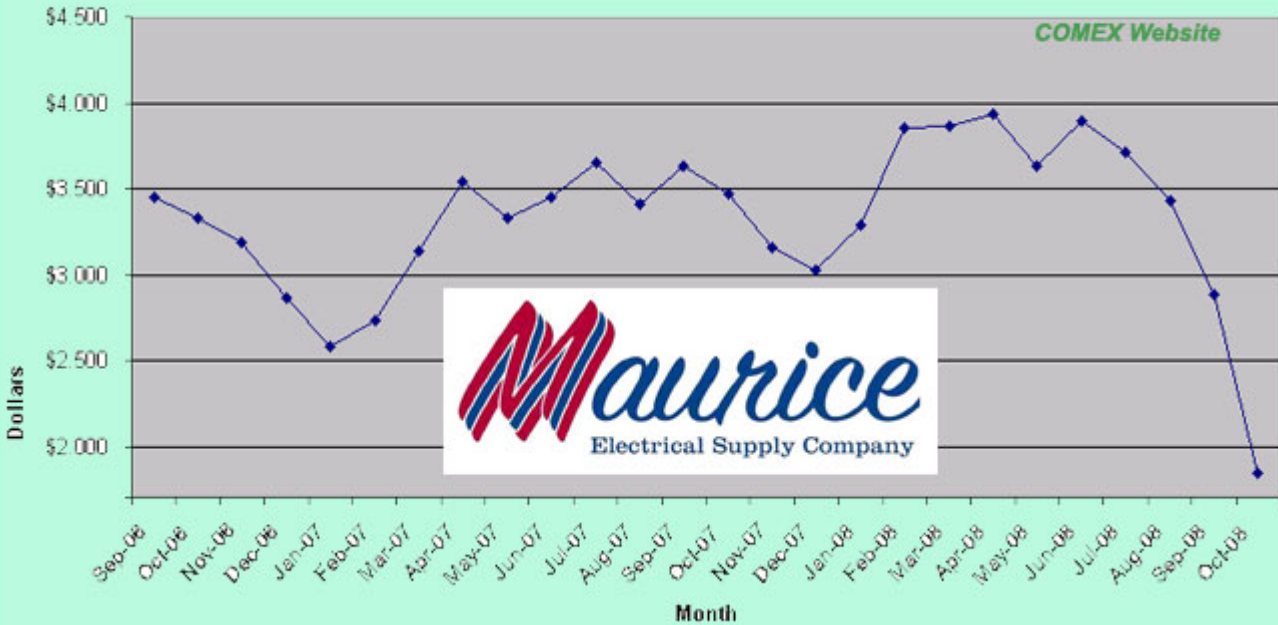

Energy Related Sales are Up Call us first to fill any Energy Saving need you have. Our sales are strong for Energy Saving items and we have the expertise to help you save on your energy bills. Click here to visit [our energy page](#).

Have a Save and Happy Holiday!

Sincerely,

Liz Lauer
Marketing Manager

Copper Prices Through October 2008

New Maestro Fan Controls

Ceiling paddle fan and light control

- Provides independent control of fan speed and light level as you enter the room
- Works with virtually all existing wiring - ideal for new and remodeling applications
- 7 quiet fan speeds provide enhanced range of comfort
- Lights fade up and down smoothly, allowing your eyes to adjust to changing light levels
- Recall your favorite fan speed and light level with the touch of a button
- Adjust both fan-speed and light level from up to 3 locations
- Control uses a [fan canopy module](#) to integrate with the fan

Maestro Fan/Light Control

Ceiling paddle fan control

- Control up to 4 fans from one Maestro fan control
- 7 quiet speeds provide enhanced range of comfort
- Recall your favorite fan-speed as you enter the room
- Adjust fan speed from up to 3 locations
- Works with virtually all existing wiring
- Control uses a [fan canopy module](#) to integrate with the fan
- To control multiple fans, use one canopy module per fan

Combination Carbon Monoxide & Smoke Alarm with Voice Warning

Voice Warning

- Warns of hazard by announcing "Fire, Fire" or "Warning, Carbon Monoxide".

Peak Level Memory

- Alerts user when the unit has detected CO concentrations of 100ppm or higher

Smart Hush™

- Silences the unit during nuisance alarm situations. (Smoke must be present before hush is activated)

Two LED's

- Red - Alarm mode
- Green - Indicates that AC power is present

Test/Reset Button Functions

- Tests the units electronics and resets the unit during CO alarm
- Activates Hush Feature and Peak Level Memory

Adjustable Mounting Bracket

[More Information](#)

- Allows for easy installation and alignment

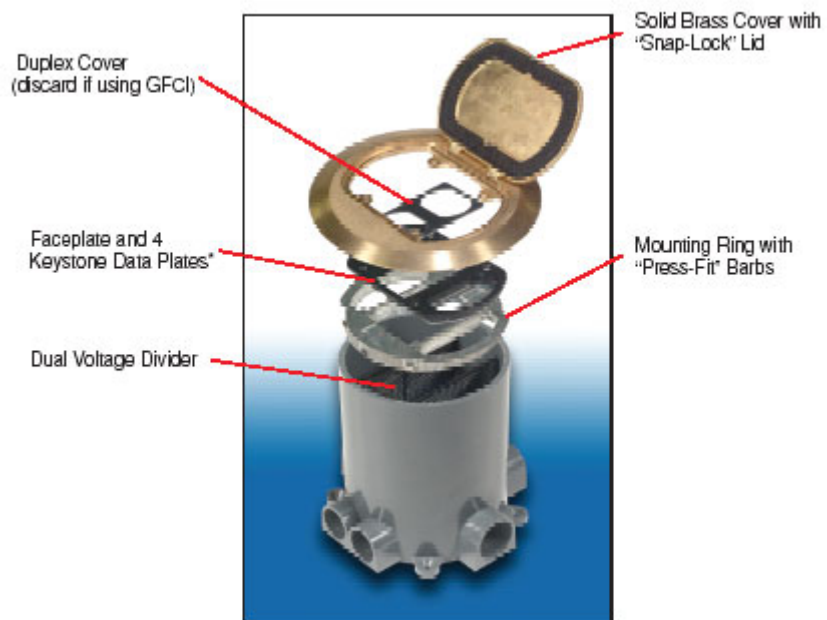

NEW FEATURE: Alerts user to replace CO alarm after 7 years of operation

68P Dual Voltage Kits **Thomas & Betts**

68P Dual Voltage Kits include these features:

- The voltage divider has easy-cut score lines to accommodate concrete depths of 3 to 6 inches.
- Faceplate has removable data plates and can accommodate GFCI or standard duplex receptacles.
- Kit comes equipped with 4 standard keystone size openings in the data plates. Other styles available include openings sized for Ortronics, Avaya, Panduit, and Hubbell.
- Easily change out data plates after installation, unlike the competition.
- MopTite™ cover uses a “snap-lock” to close the lid. No screws to turn...just push down the lid and it snaps in place. The cover uses a factory-installed gasket and exceeds all UL scrub-water exclusion requirements for carpet, wood and tile floors.
- MopTite™ cover available in solid brass.
- Includes everything required for a standard installation (68P floor box, data jacks and receptacles not included).

Kit Includes
